## WHY

Are Policies of the Equitable Life Assurance Society of the United States to be preferred to those of any other company?

BECAUSE U.S. Equitable Policies are to be preferred to those of any other company.

BECAUSE the Equitable, U.S., is the strongest Life company in the world, having over 12 MILLIONS sterling of Surplus, and

BECAUSE Surplus not only means financial strength, but is also the fund from which dividends to policyholders are paid.

BECAUSE Dividends to policyholders must be earned before they can be paid, and during the last ten years the U.S. Equitable's Surplus Earnings have been larger than those of any other company.

BECAUSE during the past five years the U.S. Equitable has paid each year more than \$400,000 in dividends to policyholders. No other company can point to such a record.

BECAUSE the policies of the Equitable, U.S., are paid more promptly than those of any other company.

AND THEREFORE BECAUSE a man assuring in the Equitable of the United States, secures a contract backed by the Company which is the strongest in the world, which pays greater profits; and which pays its Policies more promptly than any other company.
